ABOUT

ADL Giocososo (*Giocososo Italian for playful*)

This playful contemporary sans serif font exudes a bright, joyful energy across its normal and wide styles. Its blunt terminals and soft geometry create a sense of light-heartedness, while subtle quirks in the letter-forms give it a lively, modern character.

The normal style feels endlessly approachable and friendly, while the wide style stretches into a breezier, more expressive rhythm, perfect for headings that invite a smile. Its clean, open counters maintain excellent legibility, yet there is an unmistakable gleeful quality woven into every curve, making it ideal for projects seeking spirited charm without losing contemporary polish and clarity.
