The Switch to TeamLinkt

Roller Hockey Lethbridge runs as a volunteer-driven nonprofit, where every hour spent on admin work is time away from the sport. Serving more teams meant cutting that load, without adding cost or complexity volunteers couldn't manage.

Autogenerated scheduling freed up capacity across the whole organization, letting Roller Hockey Lethbridge take on more teams without asking more of its volunteers, while registration and payments ran smoothly club-wide.

“TeamLinkt has made running our nonprofit youth sports much easier and more efficient. The platform's affordability and ease of use have been invaluable to us.”

Dave Sehn
President, Roller Hockey Lethbridge

The Results

As a volunteer-run nonprofit, Roller Hockey Lethbridge couldn't keep growing by asking more of an already-stretched team. The platform needed to absorb that growth instead, and it has.

- ✓ Volunteers take on more teams without taking on more work.
- ✓ Registration and payments now run smoothly across the whole organization, not just team by team.
- ✓ Leadership stays focused on what matters most: putting the fun back into the sport.
- ✓ Communication now reaches every stakeholder across the organization.

- ✓ Scheduling That Scales With You
- ✓ One Platform. No Workarounds.
- ✓ Smoother Registration and Payments
- ✓ Affordable and Easy to Use
