# Welcome

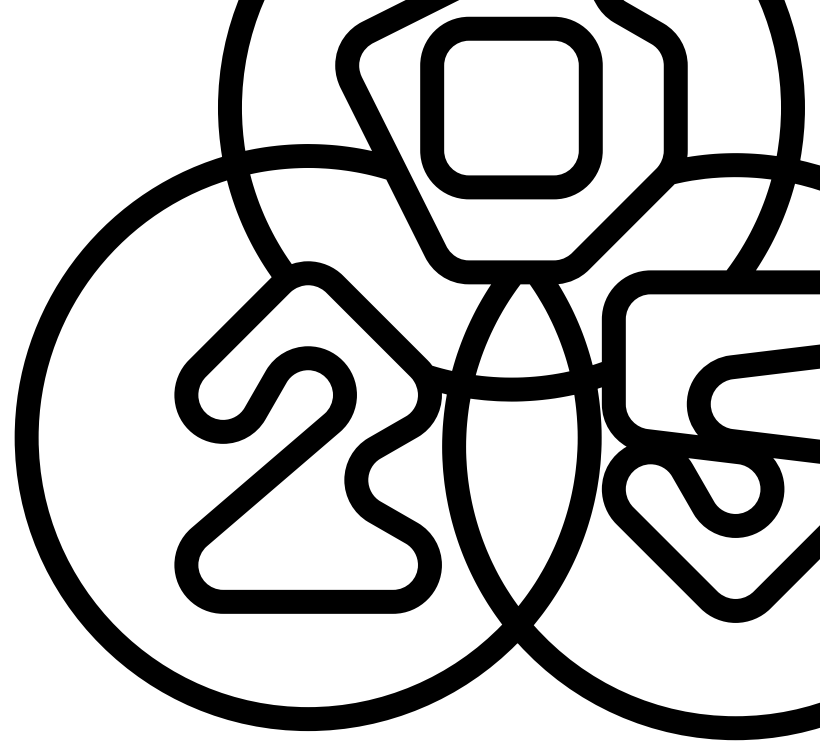

**We are thrilled to invite you and your congregation to ZERO 2025, a transformative media missions conference happening from March 6-8, 2025, at the Assemblies of God Church in Kolkata.**

**ZERO 2025: Flood** is more than a conference. It's a movement. Inspired by **Matthew 14:28-29**, where Peter stepped out of the boat to walk on water, this event calls the Church to rise above the overwhelming flood of digital content and boldly use media as a pathway to fulfill the Great Commission.

Together, we will explore how faith, innovation, and technology can converge to mobilize believers across India for a mission-driven life. We can't wait to see how God will work through ZERO 2025 to inspire and equip His Church for such a time as this.

**We hope this overview inspires and empowers you to step out in faith, pray boldly, and dream big about your role in ZERO 2025: Flood and reaching those who need the hope of Jesus.**

# About ZERO 2025

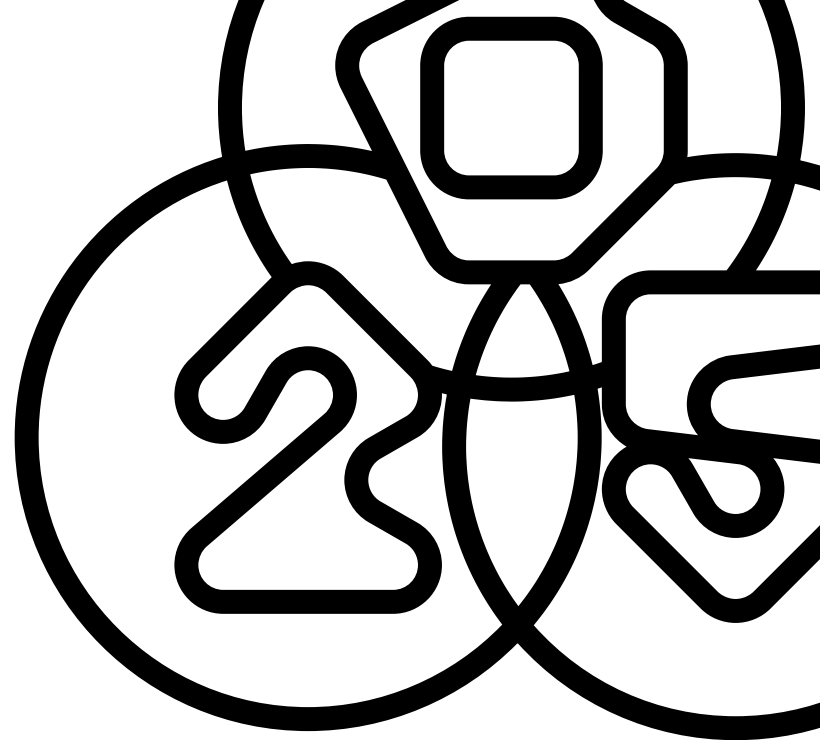

## What is ZERO 2025?

ZERO 2025 is the third major gathering of the **ZERO Movement**, launched in 2023 to mobilize believers to use media for missions. Our goal is to equip the Church with cutting-edge tools and strategies to ensure **every person in India hears the Gospel by 2033**.

## Why “Flood”?

The theme “**Flood**” represents the overwhelming challenges and opportunities in today’s digital landscape. Just as floods are powerful forces, so is the content that saturates our screens. ZERO 2025 seeks to empower the Church to rise above the flood and walk on water, just as Peter did when he fixed his eyes on Jesus

# The Vision: In Case of Flood, Walk on Water

We live in a world flooded with digital content — billions of posts, videos, and images are shared every day. This flood can feel daunting, even paralyzing, for those trying to make an impact.

But just as Peter stepped out of the boat during a storm, we believe God is calling His Church to rise above this flood and use it as a pathway to bring hope, love, and truth to the world. The vision of ZERO 2025 is simple:

- **Equip believers** with tools to navigate the digital flood.
- **Empower churches** to use media as a mission field.
- **Inspire faith** to walk boldly where others may sink.

# The Journey of Peter: A Framework for the Sessions

**The story of Peter walking on water (Matthew 14:28-29) provides a powerful metaphor for our journey as believers called to use media for missions. This story shapes the framework of the conference, with four transformative sessions:**

## **Session 1: Step Out**

**Key Idea:** Boldly answering the call.

Just as Peter stepped out of the boat, we must respond to God's call to engage with media missions. This session will challenge participants to take that first leap of faith, leaving comfort zones behind.

## **Session 2: Look Up**

**Key Idea:** Focus on Christ.

Peter walked on water as long as his eyes were fixed on Jesus. This session emphasizes keeping Christ at the center of our digital efforts, amidst distractions and storms.

## **Session 3: Break Through**

**Key Idea:** Overcoming fear.

Peter began to sink when fear overtook his faith. This session addresses the fears and challenges that can hold us back in media missions, equipping participants to overcome them with courage and trust.

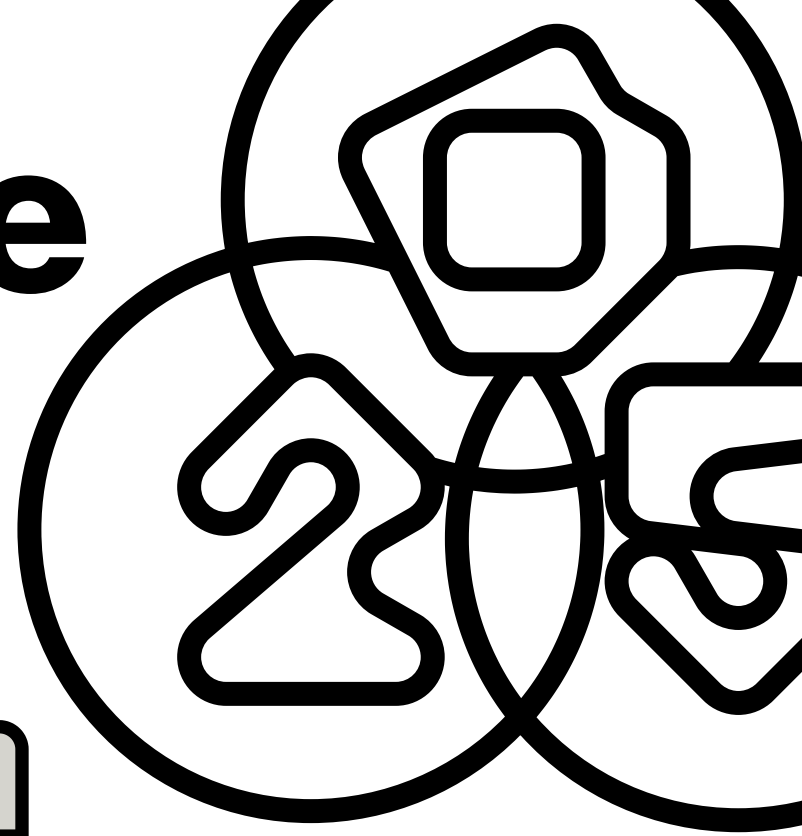

## **Session 4: Walk On**

**Key Idea:** Sustained mission.

Walking on water wasn't just about the first step. This session explores building long-term strategies for media missions, staying faithful and focused in the years ahead.
