ABOUT US

The Mediterranean Children's Movement aims to build and sustain an active network of associations and individuals committed to improving the quality of life for children across the region.

Our Mediterranean, Our Stories

Open Call for Children Across the Mediterranean Region!

What does the Mediterranean Region mean to you?
What message do you have for the Mediterranean Region?

For some, it is a place of sun, sea, family, friendship, culture, and beautiful memories. For others, it may also represent difficult experiences……conflict, war, migration, loss, or the hope for peace and a better future.

The Mediterranean Region holds many stories, and every child's perspective deserves to be heard.

We invite children from across the Mediterranean Region to share what the Mediterranean Region means to them through any form of 2D creative expression. Write a poem, tell a story, create a drawing or painting, take a photograph, design a collage, or express yourself in any other two-dimensional format.

There are no right or wrong answers. Whether your story celebrates joy, reflects on challenges, or dreams of a more peaceful future, your voice matters.

Please note: All submissions must be in a 2D format, as selected works will be reproduced in a printed publication celebrating the voices, experiences, and creativity of children from across the Mediterranean Region.

Submission deadline: 18th October 2026
How to submit: Please send a high-quality photo or scanned copy of your submission to **info@medchildmovement.org**. Be sure to include your name, age, country, and a brief description of your submission in your email.

Together, let's tell the many stories of the Mediterranean Region; not only its beauty, but also its realities, its resilience, and the hopes of the next generation.
