Muratpaşa/Antalya

I'm a Product Designer with 4+ years of experience, focusing on User Experience and mobile app design. I specialize in creating seamless user experiences across various industries, from lifestyle to emerging technologies. My work includes designing for Fintech, Web3, Blockchain, and Wallet applications, ensuring intuitive and engaging digital products.

EXPERIENCE

Metamax

September 2023 - Present

Product Designer

As a Product Designer at Metamax, I am responsible for end-to-end product design, including web and mobile applications. I collaborate with cross-functional teams to create intuitive and user-friendly interfaces for our real estate investment platform. Additionally, I contribute to the design of our Web3 and crypto wallet solutions, ensuring seamless user experiences across all digital touchpoints.

OGOO Teknoloji Ajansı

December 2021 - September 2023

UI/UX Designer

I took part in UI/UX activities for projects such as:

TOGG, MNG Kargo, Kumport Lojistik, Pegasus, HDI, DÖHLER, OPET, SOCAR, Tofaş, Juno Intranet, Worksy

OGOO Teknoloji Ajansı

September 2021 - December 2021
