

CHURCHILL60 Promotion

Terms and Conditions

Splice Internet offers new residential customers at eligible addresses in Rural Fibre Co's Churchill rollout area \$25 per month off the Everyday Streamers plan for their first six months of service, with \$0 standard installation, for orders placed during the promotion period using the promo code **CHURCHILL60**. That takes Everyday Streamers (500/500 Mbps plan speed, unlimited data) from its standard price of \$85 per month to \$60 per month for your first six monthly billing cycles. From your seventh billing cycle, the standard price of \$85 per month applies.

Eligibility: The offer applies where: (a) the service is a new residential broadband service with Splice Internet, and the account holder has not held a Splice account in the prior 12 months; (b) the address is within the Churchill rollout area as defined by Rural Fibre Co (wholesale network provider), and is serviceable on the Rural Fibre Co network; check your address at <https://splice.au/churchill>; (c) the order is placed with Splice by 11:59pm (AEDT) on 31 October 2026; (d) the promo code CHURCHILL60 is entered when you order online, or quoted when you order by phone on 1800 775 423, at the time the order is placed; and (e) the address has not already received this offer. One offer per address. The offer applies to the Everyday Streamers plan only; other Splice plans are available at their standard prices.

How the discount works: The discount is \$25 per month off the Everyday Streamers plan for your first six monthly billing cycles, starting from the day your connection is activated. Your bill will show the standard plan price of \$85 per month and the CHURCHILL60 discount of \$25, so you pay \$60 per month (GST inclusive) for those six months. From your seventh billing cycle the plan continues at its standard price of \$85 per month. We'll email you before the discount ends. The discount applies only while you're on the Everyday Streamers plan; if you change to another plan during the six months, the discount ends from the date of the change and doesn't carry over. The discount has no cash value, can't be transferred to another person or address, and can't be applied to an existing Splice service or backdated to an order placed without the code.

Minimum total cost: There's no lock-in contract, so your minimum total cost under this offer is \$60 (one month of Everyday Streamers at the discounted price). If you stay for the full six months and then cancel, you'll have paid \$360.

Installation: Standard installation is \$0 at eligible Churchill addresses under our Rollout Installation Promotion and stays \$0 for orders placed during this promotion even if the installation itself is scheduled after 31 October 2026. Standard installation covers a standard connection from Rural Fibre Co's network to your premises, including the supplied ONT and router, which remain the property of Rural Fibre Co. Non-standard installation work may incur a fee, which we'll quote and confirm with you before any work proceeds; you can choose not to go ahead at no cost before work starts.

No lock-in contract: There's no minimum term and no exit fees. You can cancel at any time by calling 1800 775 423. If you cancel during the six months, you pay only for the service you've had at the discounted price; the unused part of the discount isn't refunded or paid out. The router and ONT remain the property of Rural Fibre Co.

Other promotions: You can use a Mates Rates referral code together with CHURCHILL60. Referral credits for you and your referrer apply per the Mates Rates terms, in addition to the CHURCHILL60 discount. CHURCHILL60 can't be combined with any other Splice discount or promotional pricing, other than the \$0 standard installation under the Rollout Installation Promotion and Mates Rates referral credits as set out above.

Speeds: 500/500 Mbps is the Everyday Streamers plan's maximum plan speed on the Rural Fibre Co full fibre network. We're a new network in Churchill, so typical evening speeds haven't been measured yet and will be published at splice.au once available. Actual speeds vary with your in-home setup and network demand.

We may withdraw or change this promotion for new orders by updating this document; orders already placed keep the offer as it stood when the order was made. All prices are in Australian dollars and include GST. Nothing in these terms excludes, restricts or modifies any rights or remedies you have under the Australian Consumer Law. Please contact Splice Internet on 1800 775 423 to arrange a connection or with any questions about this offer.

If you have a complaint about this promotion, contact us on 1800 775 423 or email complaintresolution@splice.au. If your complaint is not resolved to your satisfaction, you may contact the Telecommunications Industry Ombudsman at 1800 062 058 or www.tio.com.au.

Other terms and conditions applicable to this service are set out in our Critical Information Summary at <https://splice.au/legal/critical-information-summary>, which summarises important provisions in our Standard Form of Agreement at <https://splice.au/sfoa>.
