ZEN

The Zen is a testament to compact elegance and technological innovation in beverage systems. Designed to fit seamlessly into any environment with its sleek ebony gloss finish, Zen brings the complete coffee experience directly to your workplace or commercial setting.

MACHINE FEATURES

COMPACT DESIGN

Despite its small footprint (480 x 590 mm), Zen doesn't compromise on functionality, offering a full range of high-quality beverages from fresh leaf tea to luxurious espressos.

VERSATILE DRINK OPTIONS

Available in two configurations—single fresh brew tea or espresso with leaf tea—Zen caters to all preferences, ensuring everyone finds their favourite drink.

IN-TOUCH USER INTERFACE

Zen incorporates a patented touch-driven interface, simplifying the selection process with easy-to-understand icons. Just touch and go for a quick, effortless beverage experience.

CUSTOMISABLE DRINK STRENGTH

Featuring an 'extra shot' facility, Zen allows users to intensify their drink, providing that additional kick when needed.

BEST FOR INDUSTRIES IN

CORPORATE OFFICES

Zen's compact size and quick dispensing capabilities make it ideal for office settings where space and speed are valued.

FACTORY/WORKSHOP ENVIRONMENTS

The Zen works well in factory settings and large shopfloors, where the need for quick, high-quality drinks from a simple-to-use machine can revitalise the workforce with every sip.

WHY CHOOSE THIS MACHINE?

SPACE EFFICIENCY

Perfect for locations with limited space, Zen provides a comprehensive beverage solution without occupying extensive room.

USER-FRIENDLY

The intuitive interface ensures that all users can operate the machine easily, whether choosing their preferred drink or adjusting settings.

CUSTOMISATION AND SECURITY

Offers extensive drink customization, and with optional payment systems, Zen can also handle transactions smoothly, making it versatile for public and private settings.
