

HOMEWORK 6

Corrected and fully synchronised answer key

Answers follow the booklet numbering exactly. Option letters are included where the booklet gives choices; the full word, value or letter pair is included for checking.

Important booklet-number corrections used

- Q50 should read (11 [60] 19), (6 [42] 15), (23 [] 15).
- Q51 should read (17 [100] 7), (12 [49] 5), (41 [] 32).
- Q52 should read (19 [25] 3), (10 [30] 10), (18 [] 6).
- Q53 should read (112 [] 14). The current booklet image drops or separates digits in these four questions.
- On page 14, the fourth true/false statement (“Line AB is perpendicular to line DE”) has no printed question number. It is recorded below as “90b”.

Quality-control note: Unrelated sections from the previous answer key have been removed. Every numbered question from 1 to 190 has an answer in this document.
