PROFESSIONAL SUMMARY

UI/UX Designer with hands-on internship experience in creating user-centric digital experiences through research, wireframing, and prototyping. Skilled in Figma, responsive interface design, and usability optimization with a strong understanding of frontend development. Passionate about building intuitive products and collaborating with teams to deliver impactful user experiences.

SKILLS

UI/UX Design: User Research, Wireframing, Prototyping, Usability Testing, Interaction Design, Design Systems, Responsive UI Design

Frontend Development: HTML5, CSS3, Responsive Design, JavaScript

Tools: Figma, Canva, VS Code, Git/GitHub, Microsoft Excel

Soft Skills: Problem-Solving, Communication, Team Collaboration, Leadership

EXPERIENCE

UI/UX Design Intern — Maxgen Technologies Pvt. Ltd. (Jan 2026 – Apr 2026)

- Conducted user research and transformed insights into intuitive wireframes and interactive prototypes.
- Designed responsive UI layouts and reusable components using Figma.
- Collaborated with developers to ensure accurate design-to-development implementation.
- Improved usability and visual consistency across multiple interface screens.
- Assisted in creating structured design systems and UI assets for efficient workflow.

PROJECTS

Nyrly — Website & Application UI Design

- Designed modern and user-friendly website and application interfaces using Figma with focus on smooth navigation and clean user experience.
- Created wireframes, high-fidelity mockups, and interactive prototypes in Figma.
- Improved visual hierarchy, accessibility, and responsive layouts for better usability.
- Worked on onboarding flow, branding consistency, and user engagement screens.
- Collaborated on design improvements based on usability and user interaction feedback.

Stock Analysis & Prediction System (AI/ML)

- Developed an AI/ML-based stock analysis system to analyze market trends and visualize predictive insights.
- Designed dashboard UI and optimized user flow for data visualization.
- Coordinated team tasks and project timelines as project lead.
- Assisted in dataset preprocessing and evaluation for machine learning models.

EDUCATION

B.Tech in Computer Science & Engineering — Parul University
2023 – 2026 | CGPA: 6.76

Diploma in Computer Engineering — Parul University
2020 – 2023 | CGPA: 7.18

Class 10 — Bright Day School
2020 | 67%
