**BREW EPIC COFFEE
ANYWHERE**

 **DESIGNED IN CANADA, BUILT FOR ADVENTURE.**

The JAVA Grinder is built with a conical stainless steel burr grinder that is balanced by dual bearings to create the smoothest, most consistent coffee grounds for a more flavorful experience. If you want to change the size of your grind, simply crank in the dial to choose from 50 different settings.

★★★★★

"Superb! As much a piece of mechanical artwork as a grinder."

FISHING TACKLE KIT

ZIP TIES OF VARYING LENGTHS 4 EACH OF: 4", 6", 8"

A rectangular sign is mounted on a light-colored, textured wall. The sign has a dark background with a pattern of overlapping, semi-transparent squares in various shades of gray and black. In the center of the sign, the words "THANK YOU" are written in a bold, white, sans-serif font, arranged in two lines. Two black binder clips are attached to the top edge of the sign, one on the left and one on the right, each holding a thin blue string that extends upwards. The overall aesthetic is modern and minimalist.

**THANK
YOU**
