Be in Control of the Dollars You Spend.

Alarm Detection Systems is unique in that our full-service plan covers it all — 24/7/365 days a year.

Alarm Detection Systems offers a comprehensive service and repair plan covering parts and labor charges. If something goes wrong on a weekend or holiday, we will fix the problem when you need us.

Additionally, we offer annual alarm testing and inspection. As with any complex mechanical parts, alarm components need inspection, testing, and service occasionally. Protect your equipment investment with a plan that makes sense. Doing so will minimize the risk of life safety issues, valuable property loss, and downtime by ensuring your security system operates at peak performance.

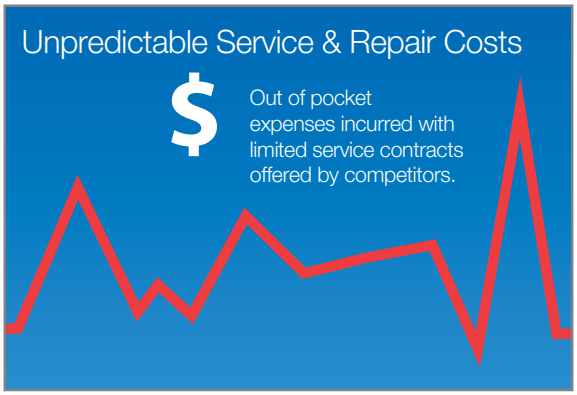

Comprehensive service plan includes:

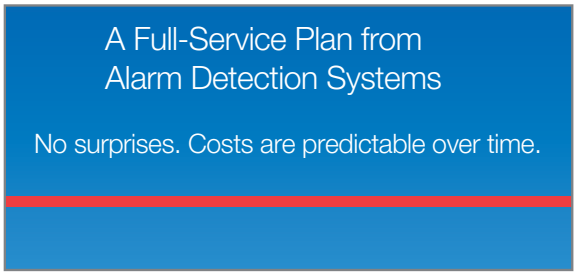

- Battery replacement for alarm panels and wireless sensors (up to a $30.00 per unit value, not offered by the competition)
- Same-day/next-day repair
- Replacement coverage for equipment failure*
- Weekend and holiday emergency service

Annual testing includes inspection of:

- Burglary & Fire Panels
- Sensors
- Cameras
- Batteries
- Communication to our UL-Listed Central Station
- Other integrated components

ADS has over 100 service vehicles dispatched from an award-winning central station
