

SAFA ASHRAF N

UI/UX DESIGNER

Riyadh, KSA | safaashraf.n@gmail.com | +91 7034060440 | [Linkedin](#) | [Portfolio](#)

Dynamic UI/UX designer with a strong background in creating intuitive user experiences. Experienced in leveraging user research and data-driven insights for design decisions. Proficient in Figma, Adobe Creative Suite, Framer and prototyping tools. Committed to delivering high-quality, aesthetically pleasing designs that meet user needs and foster collaboration.

PROFESSIONAL EXPERIENCE - 02 years

- **WYNTEAM GLOBAL:**
 - Redesigned and enhanced WYNTEAM's digital presence, independently delivering a responsive website and cohesive branding to attract high-value clients.
 - Developed and implemented a scalable design system, ensuring consistency across all platforms and touchpoints.
 - Led end-to-end website redesign, from user research to high-fidelity prototyping, optimizing usability and engagement.
 - Collaborated with key stakeholders to align design strategy with business objectives and user needs.
 - Utilized Figma & Framer to create interactive prototypes and refine UI/UX solutions efficiently.
- **INFOGAIN INDIA PVT LTD. - MICROSOFT'S REIMAGINE PROJECT:**
 - Redesigned 50+ Microsoft web pages, ensuring adherence to comprehensive design systems and guidelines.
 - Conducted quality assessments of developed 60+ pages to ensure top-notch delivery standards, reducing post-launch issues by 50%.
 - Led a team of 4 designers through the end-to-end design process, coordinating with 3+ departments, including development and authoring teams, to achieve high-quality project delivery and a 15% faster time-to-market.
 - Created and maintained robust design systems and style guides for projects, streamlining design consistency and efficiency across teams.
 - Collaborated effectively with cross-functional teams, including developers and product managers, to enhance project outcomes and ensure consumer needs were met.
 - Earned peer recognition and awards for consistent, reliable, and excellent work delivered within specified deadlines.
- **OTHER PROJECTS:**
 - Executed 5+ web and marketing designs, including drip campaigns, posters, and banners.
 - Delivered 5+ logos for diverse brands in sectors like beverage, health clinics, and institutions, contributing to improved brand identity and recognition.
 - Implemented UX laws and design principles in projects, ensuring an increase in usability and user effectiveness.
