About Me

Art and design have always been my passions, inspiring me to design machines and sculptures since I was a child. Skilled in graphic design & UX/UI, combining creativity with technical knowledge. I value teamwork and staying organized.

Education

Brand, Motion & UX - UI Design. 2023 - 2024

Hacker U Collage

I completed a graphic design course that taught me practical and theoretical skills for designing digital products. I learned design elements, wireframing, and created a mobile app and e-commerce sites. The course prepared me well to succeed in the industry.

Web , E-ommerce Design & Develop. 2023 - 2024

Self Thought

Through online tutorials and extensive research, I taught myself web design and e-commerce principles. I mastered the Framer program for design and learned to build professional websites on Shopify & Framer. Additionally, I acquired knowledge of marketing tools & SEO techniques.

Arts Major. 2015 - 2018

High School

Learned skills in sculpting, character drawing, and other creative forms. Discovered the joy of expressing myself through my creations.

Work Experience

PDI & Truck Mechanic. 2022 - 2023

Scania

Experienced PDI & Truck Mechanic with worldwide teamwork and precise attention to detail.

Bartender, Checker & Waitress. 2018 - 2022

Moses

Delivered excellent service, Skilled at teaching, multitasking, promoting teamwork, and building relationships with clients.

Military Service

Grade A Aircraft Technician. 2018 - 2021

Israel Air Forces

Aircraft maintenance, repairs, and documentation, and managed ground equipment with Office 365.
