Education

ArtCenter College of Design, M.S. in Interaction Design

2026 - 2027

University of Michigan, B.S. in User Experience Design

2022 - 2026

University Honors, Dean's List

Experience

University of Michigan | Teaching Assistant

Ann Arbor, MI | Aug 2025 - Apr 2026

- Built a UI component library and design system for 120-student class, establishing standard variants and samples students referenced to create Figma wireframe assignments.
- Led weekly labs for 20 students, teaching Figma basics, ideation, rapid prototyping, hi-fidelity mock-up, and animations.
- Delivered 60+ design critique sessions for students, providing tailored feedback on accessibility, usability, and design consistency of design deliverables.

Liquidstreams LLC | UX Design Intern

Sunnyvale, CA | Jun 2025 - Aug 2025

- Designed PivotScan Watchlist, a feature enabling trading and investing users to save, track, and act on investments on PivotScan's website platform, contributed to a 35% increase in user engagement.
- Ran 10 usability sessions with customers to surface pain points, translating user needs into a hi-fidelity prototype, and presented directly to the CEO.
- Partnered with engineers for design hand-off, reviewing code in Claude Code and Windsurf, ensuring pixel-perfect implementation across the platform.

IBM | Design Apprentice

San Jose, CA | Jun 2024 - Aug 2024

- Selected from 10,000+ applicants (top 5%) for an intensive 8-week apprenticeship, learning IBM UX standards, design thinking principles, and earned IBM User Experience Design Fundamentals Certification.
 - Redesigned the 'My Porsche' iOS app as a capstone project, showcasing improvements in visual consistency and hierarchy based on learned IBM design principles, presented to cohort and mentors to earn completion of the program.
-

Course Project Experience

Michigan Medicine | UX Designer

Ann Arbor, MI | Aug 2025 - Apr 2026

- Redesigned Von Voigtlander Women's Hospital's internal SharePoint platform, successfully implemented by 36 member Clerical Staff who report usability rating improved from 4.3 to 6.5 on a 1-7 scale.
- Conducted on-site user research, contextual inquiry, and usability testing on the 36-member team to understand pain points, user needs, and workflows, transforming it into actionable design changes and website restructuring.

Stellantis | UX Designer

Ann Arbor, MI | Aug 2025 - Dec 2025

- Created an integrated car display and companion mobile app for the Jeep Gladiator 2030, implementing AI predictive maintenance catered to Jeep driver's self-repair and hands-on user persona, while balancing Jeeps's business needs.
- Designed an AR/VR feature within the mobile app to assist users with self-repair, and an integrated repair scheduling feature that syncs with the user's calendar availability.

U-M GPT | UX Designer

Ann Arbor, MI | Sep 2025 - Dec 2025

- Commissioned by University of Michigan's CIO, who sought to address student-facing design gaps in the University's faculty-built AI platform, launched without user testing or student feedback.
 - Conducted user research and surveyed 50+ students to discover unmet needs, collaborated with AI engineers to scope feasible design features, and implemented a folder creation feature to sort chats by topic.
