New Delhi, India

Education

Bachelors of Design, Industrial Design
National Institute of Design Haryana

High School, Science (PCM) + Computer Science
Ramjas Public School, Day Boarding

I design experiences that create value beyond the artifact, at the intersection of data, systems and those who use them. By fostering an interdisciplinary approach, I aim to contribute to projects that redefine boundaries and create meaningful impact at scale. I seek to engage in spaces that nurture innovation, and craft design outcomes that create value for individuals and systems alike.

Experience

Jan '26-Mar '26

UX Designer, SYQI

- Studio website redesign
- UX Audits - HDFC, ZenTrades
- Service Design

Mar '25-Apr '25

Designer, JSW x NIDH

Projects

Shakhan, Service Design

Community-driven system for financial literacy, asset documentation, and proactive estate planning.

ServDes India 2026, Finalist

Overcoming Gaps in Public Service Operations

Mapped friction between procedure and practice at an India Post, turning workarounds into UX interventions.

HDFC, Service Design

Reimagined banking for India's 18-35 cohort, experience-driven, non-linear income, UPI-first.

Agricultural Ecosystem Mapping

Mapped stakeholder relationships and loopholes sustaining agricultural ecosystem's balance.

Dori, Toy Design

A developmental toy building fine motor skills, doubling as an early autism-recognition tool for teachers.

Titan Design Impact Movement, Shortlisted for Pitch at IIM Calcutta

Furniture Design

A Möbius-strip-inspired bench, turning a continuous mathematical form into seating.

Leadership

Film & Photography Club NIDH
