Get work done  
surrounded by nature  
and the Atlantic  
breeze while  
improving surf skills

Charming Portuguese house  
overlooking the Atlantic  
Ocean and the most  
southwestern corner of  
Europe.

Sagres is not only a famous  
surf spot in Europe, but also  
harbours cultural heritage and  
is embedded in the marvelous  
nature park of Costa Vicentina.

It is known for its picturesque  
cliffs, beautiful beaches, and  
historical significance.

# GUEST FEEDBACK

Staying in Sagres was a breath of fresh air. The bedroom/bathroom/common spaces are all clean, well-kept, and modern. The town was quaint, peaceful, and beautiful.

The location is walking distance (under 10 minutes) from local restaurants, shops, and the coast where you can do boat tours/surf lessons.

Vania is an amazing Community Manager because of her welcoming and warm personality! Staying here was an amazing experience!
