

ANNUAL REPORT

2025

CENTER FOR
AN INFORMED
SOCIETY

OUR MISSION

Security · Resilience · Preparedness

We connect the state, businesses, and civil society so that Czechia can face hybrid threats, Russian influence, and crises that are yet to come.

01

We educate

We shape the next generation of security leaders. We prepare talents for real, impactful work for Czechia.

02

We analyze

We map hybrid threats, disinformation, and current security trends. We pass our insights directly to politicians and businesses.

03

We make changes

We advocate legislation for a more resilient Czechia. We protect democratic institutions and the digital space, strengthening business preparedness.

Security concerns all of us.

At the Center for an Informed Society, we believe that a resilient and confident Czechia is a prerequisite for a good life for each and every one of us.

Together with our partners, businesses, state institutions, civil organizations, and academia, we ensure that Czechia remains a safe country for its nearly 11 million citizens. We educate people who will protect Czechia in five, ten, and twenty years. We push for rules that give democratic institutions a solid foundation. We map threats that arrive before the public even notices them. And finally, we strengthen the preparedness of Czech businesses for crises.

Thank you to everyone who supports us. Thanks to you, we can continue our work.

Andrea Michalcová

CEO, Center for an Informed Society

WHAT WE ACHIEVED

IN 2025

01

WE EDUCATE

70 %

of Security Academy graduates work for the government

Czechia needs young and competent people in key positions, whether in diplomacy, intelligence services, the military, or public administration. Every graduate of the Security Academy strengthens our ability to face threats.

02

WE ANALYZE

1

amendment adopted based on our work

Czechia long lacked a tool to penalize those who knowingly help foreign powers harm from within. Thanks to the amendment to the criminal code, which we actively advocated for, this is now possible.

03

WE MAKE CHANGES

100+

companies went through crisis simulations

Czechia's security relies not only on the state but also on functioning businesses. In the Prepare Yourself! simulations, we train corporate leadership on how to react to cyberattacks or infrastructure outages.

OUR PEOPLE

TEAM AND SUPERVISORY BOARD

TÝM CIS

CEO	Andrea Michalcová
Deputy Director	Michael Murad
Analyst	Veronika Víchová
Project Coordinator	Lucia Macháčková

DOZORČÍ RADA

Chairman:	Aleš Kudrnáč	<i>(from 8/2023)</i>
Member:	Lukáš Korous	<i>(from 8/2023)</i>
Member:	Eva Smyslová	<i>(from 10/2025)</i>

Board membership is unpaid. Members do not hold other financially remunerated activities within the Association.

We build a resilient Czechia together.

CIS exists thanks to people who believe that security is everyone's business.

Every form of support – financial, expert, and partnership – develops a community that strengthens Czechia. Thank you to our partners and donors in 2025.
