## ENTREPRENEURIAL EXPERIENCE

### Grubs | Jan 2020 – Nov 2020

Founded and led a health-focused community, innovating with IoT technology and mobile applications to promote accessible and gamified healthy lifestyles.

### Wasera Pvt Ltd | Jun 2018 – May 2020

Co-Founder of a student accommodation business, successfully scaling to 25+ properties and achieving a monthly profit of over ₹5 lakhs.

## PROFESSIONAL EXPERIENCE

### Co-Founder | CTO & CPO

Intiant Tech Pvt Ltd | May 2023 – Feb 2024

- Identified skill match and assessment challenges in the blue and grey collar workforce market.
- Conducted comprehensive user research, interviews, and market analysis to define key problems.
- Led a cross-functional team of 5 to build and launch an MVP for a skills assessment platform and onboarding, resulting in a 25% improvement in user experience and a 30% reduction in onboarding time based on feedback.
- Managed the development and launch of the MVP, including product roadmap, team management, and GTM strategy.
- Utilized user feedback and market data to iterate and improve the MVP, driving a 20% increase in user engagement.

### Tech Lead

Jify | Nov 2022 – Jul 2023

- Led team in implementing digital gold features, resulting in a 20% increase in MAU.
- Spearheaded a user-centric KYC onboarding flow, achieving an 86% reduction in onboarding time.
- Architected scalable and efficient Flutter architectures, achieving ~60% improvement in app performance and development efficiency.
- Collaborated cross-functionally to seamlessly integrate third-party programs such as HyperVerge, Mixpanel, CleverTap, and Cashfree.
- Optimized app performance and development efficiency, realizing a 60% improvement.

### Software Engineer

TIFIN | Dec 2021 – Nov 2022

- Led development of "Magnifi," an AI-powered investment assistant, and implemented innovative solutions (AI chatbot, mono repo) to improve user experience and development efficiency.
- Demonstrated strong leadership, technical skills, and project management abilities by building Okta's Flutter plugin in 2 weeks and ensuring on-time project delivery.

### Software Engineer Mobile

1st Main | Nov 2020 – Dec 2021

- Led development of 4+ mobile MVPs for funded fintech startups, demonstrating strong technical expertise and project management skills.
- Contributed to an investment platform with 30,000+ MAU, showcasing collaboration, design thinking, and ability to deliver impactful projects.
