COVERAGE HIGHLIGHTS

Covers repairs to specified internal powertrain components that fail due to mechanical breakdown under normal use.

Coverage is limited to listed components only and includes internally lubricated parts within:

- Engine
- Transmission
- Drive Axle / Final Drive (where applicable)

See contract for full listing of covered parts.

COVERED COMPONENTS (SUMMARY)

Engine

All internally lubricated parts including pistons, crankshaft, rods, bearings, valves, and oil pump

Transmission

Internal gears, bearings, and lubricated internal components
(Clutch assembly excluded)

Drive System (if equipped)

Drive shafts, axle shafts, CV joints, bearings, and internally lubricated final drive components

Seals and gaskets on covered components only.

ADDITIONAL BENEFITS

- Diagnostic charges covered when associated with an approved repair

ADDITIONAL NOTES

- Pre-authorization required prior to repairs
- Repairs must be performed at selling dealer within 50 miles when available; otherwise approved facility with authorization
- Coverage applies to mechanical breakdown of covered components

LIMITS OF LIABILITY

- \$3,000 max per repair visit
- Total claims limited to vehicle actual cash value (ACV)

EXCLUSIONS

- Unauthorized repairs
- Continued operation after failure
- Lack of required maintenance
- Non-covered components (incl. clutch/wear items)
- Environmental damage (water, dirt ingestion, corrosion)
- Modifications or non-OEM equipment
- Routine maintenance and service items
- Misuse, racing, or abusive operation
- Collision or impact damage
- Pre-existing conditions
