UIUX Designer and UX Researcher | Lagos State Geographic Information Service | 22/12/2023 - 03/10/2024 | Alausa, Ikeja, Nigeria

Translated user research into actionable insights for designers and developers

Designed core features and user flows for the agency's various SaaS used by the agency.

Ensured that the product is built and optimized with the end user in mind through collaboration with developers and managers.

Designed and executed research studies, including user testing, field studies, usability tests, concept tests, group discussions, and monitored the project to completion, handover and further iteration

UIUX Designer | Choicegen LLC | 10/01/2023 - 13/12/2024 | Atlanta, GA, United States

Designed user-centric digital products, calendar, and other applications, optimizing user experience

Designed 5 functional mobile apps and 3 websites, 2 of which are live currently.

Collaborated with a team of 15 engineers to ensure seamless integration of design and functionality, reducing development time by 30% and post-launch issues by 20%.

Created visually appealing product packaging and promotional materials, leading to a 15% increase in sales and a 10% boost in brand recognition, including for the 2023 Choicegen Platform Training for LAGIS staff

Intern User experience designer | Opay Nigeria | 10/01/2022 - 19/01/2023 | Ikeja, Lagos, Nigeria

Analysed research data to identify user needs and pain points.

Translated research findings into actionable insights for UI, UX designers and product managers.
