

TOUCHSTONE HEALTH SERVICES

Accessible youth behavioral health services.

Partnership at a glance

We are proud to partner with Touchstone Health Services, providing behavioral health services to youth enrolled at our school and supporting their families. By partnering with us, Touchstone providers can collaborate with our staff as needed to support addressing concerns on campus, and support families to help address behavioral health concerns in home. While Touchstone may provide services on our campus, they also may provide services in-home, virtually, and in their Touchstone offices.

Eligibility

- Touchstone is currently accepting referrals for youth enrolled in AHCCCS. Grant funding may be available for those who qualify, and Touchstone also offers a sliding-scale fee option for private-pay clients.
- Youth must be experiencing current behavioral health concerns.
- Youth must be enrolled at our school for us to submit the referral.
- Youth cannot be actively enrolled with another agency for behavioral health services.

Highlights

1. Wraparound Approach

By equipping the member, school, and family with tools for success, Touchstone addresses needs across environments and involves everyone in the process.

2. Positive Behavioral Health Outcomes

"The services your clinicians provide are very impactful and we definitely see students doing better" -school survey response.

3. Fast Enrollment Process

Once a referral is submitted, Touchstone can schedule an intake with you right away, and may have availability as soon as the same day!
