01

Basic nature in the profession

Self-employment is the type of profession in which you can take your own decisions, that is, independent decisions. Any profession which does not allow you to take decisions independently is called Job.

The analysis to reach a conclusion regarding Self-employment Vs Job is performed in five steps

Qualification of Saturn to give independent profession

D1 CHART: In your birth chart (D1 chart), Saturn is in fifth house but related to 8th house (a trik house) as the house lord. This shows that Saturn in D1 chart is in **Agocharashtha**.

D10 CHART: In D10 chart, Saturn is in Agocharashtha because Saturn is in 8th house being the lord of 6th house (a trik house).

D9 CHART: Saturn is in a trik house but in own sign. Hence, Saturn is considered to be in **Gocharashtha**.

Saturn is not fully qualified to give you an independent self-employment as Saturn is in Agocharashtha in D1 and D10 and in a Gocharashtha of moderate strength in D9.

In the first step, criteria for self-employment are **not fulfilled**.

1. Confirmation of Saturn to give you independent profession

D1 CHART: In D1 chart, Agocharashtha Saturn is aspecting the 10th lord Mars and Moon.

D10 CHART: In D10 chart, Agocharashtha Saturn is aspecting only 10th house.

In the first step, **Saturn is not qualified** to give independent profession. In the second step, when the relation of Saturn with important planets and house (Sun, Moon, 10th house and 10th lord) is checked, it is found that Agocharashtha Saturn has only 3/8 relations with above mentioned factors which is less than 50%. This shows that **Saturn is neither qualified nor its relation with important factors is strongly confirmed in giving you an independent profession.**

2. Poorna Paramatma Planets (Independent decision)

Sun, Moon, Mars and Rahu are termed Poorna Paramatma planets. These planets have the capacity to act independently. Atleast two planets must influence lagna/lagna lord and 10th house/10th lord to enable you to take independent decisions in life and profession respectively.

D1 CHART: In D1 chart, a PP planet Rahu aspects lagna. Lagna lord is aspected by a PP planet Mars. A PP planet Sun is placed in 10th house. Condition is not fully met.

D10 CHART: In D10 chart, a PP planet Rahu aspects lagna. Two PP planets Sun and Mars aspect 10th house. A PP planet Moon aspects 10th lord. Condition is met

D9 CHART: In D9 chart, a PP planet Mars aspects lagna. Two PP planets have occupied 10th house. Tenth lord is conjunct with two PP planets Rahu and Sun. Condition is met

This indicates that in Life Vs Profession, you are able to take independent decisions relatively better in profession rather than in life.

3. Five Planets (Independence)

D1 CHART: In D1 chart, six planets are placed from 7th - 12th house and among these planets, three belong to the category of PP planets. Besides, in D1 chart, five planets are placed from 10th - 3rd and among these, three planets belong to the category of PP planets.

D10 CHART: In D10 chart, this condition is not met.

D9 CHART: In D10 chart, five planets are placed from 7th - 12th house and among these, all PP planets are included. Besides, from 10th - 3rd

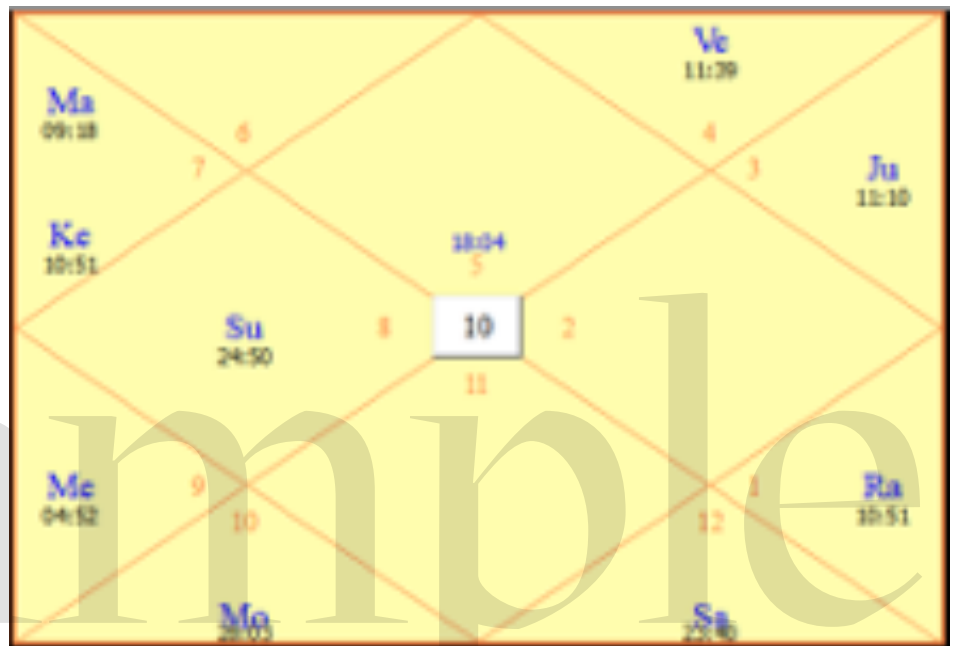

house, eight planets are involved and among these, all PP planets are involved.

This shows that you seek high level of independence in life and profession.

Third house/3rd lord/9th house/9th lord

In D1 chart, 3rd lord is placed in 10th house. Ninth lord Jupiter aspects the 3rd house.

In D10 chart, 3rd and 10th lord is Venus. 9th lord Mars is placed in the 3rd house.

This combination has provided you enough courage and luck factor in profession.

	Steps	Inference
1	Saturn Qualification	Not Qualified
2	Saturn Confirmation	Not satisfiable
3	PP Planets	Condition is fully met in D10 and D9 charts indicating your capacity to take independent decisions in profession.
4	Five planets	Indicating your desire and capability to go for independent profession
5	Third house/3rd lord/9th house/9th lord	Indicating that you have the courage and luck factor to move forward in profession.

02

Why is the business a better option for you rather than job?

Should you opt for Self-employment or Job?

You are encouraged to go for a job in which you are capable of taking **independent decisions**. Remember that the job that you choose should allow you to take independent decisions.

You are capable of establishing your own business **but you will find it really difficult to sustain it for a long term as the planet Saturn who gives you perseverance and also structure to your own venture is neither qualified nor his role is confirmed in giving you an independent profession**. Besides, the Saturn rules over the 7th house of business in your D1 chart and is placed in the 5th house in 'Great Enemy' dignity.

It shows that even slight issues in your own business will make you frustrated and will result in change of businesses. When you start your own business, your ego flares up in the area of work as Mercury (3rd lord) sits very closely with Sun in 10th house. This will cause your ego to outweigh your intelligence. This issue can be noticed even if you work for/under someone. You should seriously work on the domination of your ego over your intelligence. Only then, you can work for long term on a task or for a company or for a person.

It is recommended that you can work for someone with **high level of independence in taking decisions**. But work on your ego!!!

A hint about your fortune: Whenever you work with people belonging to a foreign country/different ethnic group or involves long distance travels, your fortune gets activated. This will be discussed in PART II.
