e Empreendedorismo

What is it? And Why?

- “What can You(th) Do?” is a project about teaching youngsters how they can be active participants in the political sphere.
- Today’s youth population is the generation most likely to not participate in the conventional or unconventional political processes.
- We want to show the participants how to be active citizens of society, fostering the development of citizenship competencies and invest in making you politically aware of the current world we live in!

Project Objectives

- Teach young people how to to be active citizens and promote their overall personal development as active citizens in diverse and democratic societies, getting more young people to take part in social projects, especially in decision-making processes;
- Encourage and equip young people with the necessary resources to become active citizens, agents of solidarity and positive change inspired by EU values and European identity;
- Enable young people to be architects of their own lives, support their personal development and growth to autonomy, build their resilience and equip them with life skills to cope with a changing world;

Project Objectives

- Connect young people from different backgrounds and countries to listen to and appreciate each others' ideas and experience, endorsing intercultural understanding, democracy, respect, diversity, human rights, active citizenship, and solidarity;
- Promote engagement in the youth rights debate and emphasize the role of young people in the peacebuilding process, creating a skilled and civic-minded youth who can act in their political and civic life and who can promote and defend their own rights;
- Empower and encourage youth to participate actively in shaping society by directing their interests and concerns to a specific public issue in order to influence policies that concern them.

How will you learn?

- Here at Selfmade, we believe in the power of non-formal education and gamified learning. So get ready to learn while having a blast!

What do you get?

- Not only do you get to learn all this cool stuff, you will get out of here with a YOUTHPASS. A.K.A. a European Certificate that you can actually put in your CV!

Reimbursements

As you know there will not be a lot of reimbursements to do, because we arranged everyone's travels. However, if you have any receipts for public transportation for going from your house, to the airport where you will travel to Portugal. Save all the documents from your departure and return (buses, etc) for us to reimburse you, in the last day.

For the Return Documents, we advise trying to book online tickets, if possible, so we can reimburse everything on the spot. If you cannot do this, you will have to send us any tickets and/or receipts by post when you arrive back home. (Address in the last slide of the Infopack)
