### ABOUT ME

I am a Manchester based Junior UX/UI Designer, looking to explore and take on my first projects within the industry. I have a passion for cultivating robust communication and collaboration with others to strike a harmonious blend between business objectives and user requirements. I believe self development is a step towards personal success so I am always reading, developing my skill set and applying what I have learnt to projects I am working on.

### EDUCATION

• Leeds Metropolitan University  
BSc Honors Degree  
Creative Music & Sound Technology  
2008 - 2011

• Burton Technical College  
Btec National Diploma Music Technology

### EXPERIENCE

#### UX/UI (Online) Experience Haus.

January - March 2024

I took part and completed a 10 week course with the London based company Experience Haus (online) covering UX/UI Design.

- Steakholder & User Research
- Competitor Analysis •Personas •Task Analysis •Affinity,Empathy & Experience Maps •User Flows •Storyboards
- Wireframing •UI Design Principles
- Design Systems •Branding •Digital Wireframes •Prototyping •Userbility Testing

#### Retail & Customer Service Based Roles (Including Apple & Bupa)

With over 15 years in retail and customer service, I honed communication, teamwork, and problem-solving skills. Proficient in organisation, active listening, and empathy, I adeptly handle various situations with customers and colleagues, swiftly adapting to change.

### INDUSTRY & TRANSFERABLE SKILLS

- User research • flows • wireframing
- Prototyping • effective communication
- Adaptability • collaboration • empathy
- Problem-solving • critical thinking
- Organisation • active listening
- Branding • mobile & desktop design
- Figma

### INTERESTS

I enjoy travelling, festivals, music, writing, reading & video games.
