

PASTORAL AUTHORIZATION – FILO 2026

By means of this document, we authorize _____, ID _____, member of our congregation, to participate in the **FILO 2026** program.

FILO is an intensive space for teaching and spiritual activation, born with the purpose of sharpening the understanding of what God has deposited in each heart, to grow in greater precision in fulfilling His calling.

During this training, three fundamental pillars will be explored in depth: **Life and gifts of the Holy Spirit, the Character of Christ, and Learning to hear God's voice with precision.**

We believe that this formation can be a blessing for the student's spiritual life and for their service within the Body of Christ.

Furthermore, FILO honors God's design for the **local church**, so this training does not seek to replace pastoral covering, but rather to strengthen the student to serve with greater maturity, submission, honor, and commitment in their congregation.

We confirm that the student has our endorsement and pastoral covering to be part of this process.
