

CARE COMES FIRST

Big care. Less busywork.

1Core connects inquiries, enrollment and everyday operations, with tools for your center, staff and families.

More time for little moments.

20+ years of childcare
experience

Protecting your data.

Robust cybersecurity and data security for your childcare center.

One day. One connected center.

Practical tools for enrollment, operations and communication.

Childcare CRM & digital enrollment

Track inquiries and follow-ups. Customize digital enrollment forms and the full enrollment flow for your center.

Digital payments

Accept card, ACH and card swipe payments. Manage tuition billing and outstanding balances.

Staff & certification management

Manage staff records and keep certifications, training and renewal dates organized.

Geofencing & check-in / check-out

Authorized staff record attendance within your set area. Capture photos and handwritten signatures at check-in and check-out.

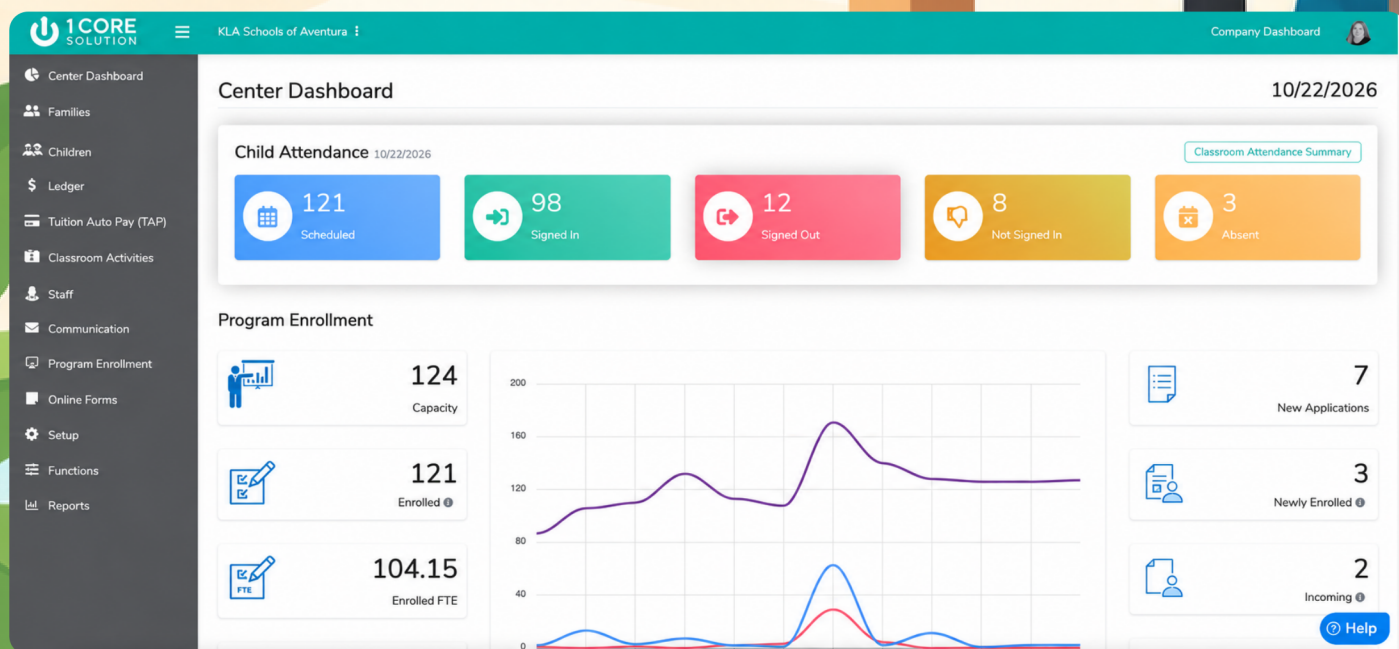

Subsidy management

Manage subsidy information and related billing alongside your center's daily administration.

AI messaging & translation

Use AI-assisted messaging and translation to help teams prepare updates and communicate with families.

Less admin to manage. More attention to give.

**1Core Camp**

Big camp plans. Less admin.

Run registrations, sessions and payments with 1Core Camp.

01

Online registration

Family or director sign-ups with custom forms and e-signatures.

02

Camps & sessions

Multiple camps, unlimited sessions and add-on sessions.

03

Payments & extras

Collect deposits and payments; offer discounts and merchandise.

04

Before & after care

Offer before and after care with payment options for families.

05

Family communication

Share camp updates through email, text and the family portal.

06

Rosters & camp reports

Use daily or weekly rosters, session reports and medical details.
