Re: ProphetX LLC – Market Participant Referral Program

Dear Sir or Madam,

ProphetX LLC (“ProphetX” or the “Exchange”) hereby certifies that, pursuant to ProphetX Rule 3.6(f), Section 5c(c) of the Commodity Exchange Act (“CEA”), and Commodity Futures Trading Commission (“CFTC”) Regulation 40.6(a), it is implementing the Market Participant Referral Program (the “Program”) as set forth in Appendix A. The Program will become effective on June 29, 2026, which is no earlier than ten (10) business days following the date of this certification.

The Program is intended to broaden participation in the contracts offered by the Exchange and to deepen the liquidity available in each of its markets. The Program provides a referral incentive to existing Market Participants who refer new participants to the Exchange and an incentive to the referred participants. Under the Program, an existing Market Participant who satisfies the eligibility requirements and refers a qualifying new participant will receive a credit of \$25.00 for the first qualifying referral, with the referral credit increasing by \$5.00 for each subsequent qualifying referral up to a maximum credit of \$50.00 per qualifying referral, and each qualifying referred participant will receive a one-time credit of \$25.00, in each case subject to the terms set forth in Appendix A. ProphetX anticipates that the Program will increase the number of participants transacting in its markets, which will result in increased liquidity and will benefit all participants through tighter bid/ask spreads and greater size available at each price level.

Appendix A contains the Program’s terms.

Compliance with Core Principles

ProphetX has concluded that the Program is not inconsistent with the CEA and the CFTC’s regulations thereunder. The following core principles most directly pertain to the Program: Core Principle 2 – Compliance with Rules; Core Principle 3 – Contracts not Readily Susceptible to Manipulation; Core Principle 4 – Prevention of Market Disruption; Core Principle 7 – Availability of General Information; Core Principle 9 – Execution of Transactions; Core Principle 12 – Protection of Markets and Market Participants; Core Principle 18 – Recordkeeping; and Core Principle 21 – Financial Resources.

ProphetX Rule 3.6(f) authorizes the Exchange to establish incentive programs to encourage market participation and trading, and the Program is consistent with this authority. The Program does not affect the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA and does not render the Exchange's contracts readily susceptible to manipulation.

ProphetX Rule 4.12 (Prohibited Transactions and Activities), within Chapter 4 (Access and Trading), includes prohibitions against fraudulent, non-competitive, unfair, or abusive practices, all of which apply to trading under the Program, and ProphetX will continue to monitor for manipulative trading, market abuse, and other trading violations, including by participants in the Program. Additionally, the Exchange's systems will track participants' eligibility to ensure proper distribution of the incentives. The terms of the Program will be posted on the Exchange's website and publicly available. The Program does not affect the Exchange's execution of transactions. The Program is anticipated to be economically sustainable and is not expected to adversely affect ProphetX's satisfaction of its financial resources requirements.

The eligibility criteria for the Program are set forth in Appendix A, are non-discriminatory, and are designed to encourage wide participation in the Program. The increased participation and liquidity encouraged by the Program will enhance the competitiveness and efficiency of the market. The Exchange retains the right to amend or terminate the Program at any time, subject to any required filings with the CFTC in accordance with the Exchange's Rules and CFTC Regulation 40.6. Notification of this filing has been posted to ProphetX's website. The terms of the Program are set forth in Appendix A and will be publicly available on the Exchange's website prior to implementation. ProphetX will maintain records relating to the Program, including participant eligibility, referrals, and incentive payments. ProphetX has not received any substantive opposing views with respect to the Program from any prospective Market Participant or other interested party.

ProphetX accordingly certifies that the Program complies with the requirements of the CEA and the CFTC's regulations promulgated thereunder, and further certifies that, concurrent with this filing, a copy of this submission has been posted on the ProphetX website and may be accessed at: <https://www.prophetx.co/lobby/t-c/filings>.

If you have any questions or comments or require further information, please do not hesitate to contact me.

Sincerely,

/s/ Gabe Wong
Chief Regulatory Officer

APPENDIX A**DESCRIPTION OF PROPHETX'S MARKET PARTICIPANT REFERRAL PROGRAM****Purpose**

The Market Participant Referral Program (the "Program") is intended to broaden participation in the contracts offered by ProphetX (the "Exchange") and to deepen the liquidity available in each of its markets. Greater liquidity benefits all Market Participants (each, a "Participant") by tightening bid/ask spreads and increasing the size available at each price level.

Scope

The Program is available to all eligible Participants who meet the eligibility requirements while the Program is in effect. The Program is not limited to a particular subset of the Exchange's contracts. All Participants in the Program are subject to the Exchange's Rulebook.

Eligibility***Referring Participant***

To be eligible to receive a Referring Incentive, the Market Participant must:

- Be an existing Market Participant;
- Not be the subject of an open compliance investigation or review, and not have a suspended account for any compliance or financial reason;
- Have placed at least 1 executed trade (of any size) in any market on the Exchange;
- Share the unique referral link or code provided by the Exchange (the "Referral Code"); and
- Refer a person who satisfies the Referred Participant eligibility criteria below.

Referred Participant

A Referred Participant:

- Uses the Referring Participant's Referral Code to sign up as a first-time Participant who has not previously registered with the Exchange;
- Is approved by the Exchange to open a trading account;
- Makes a successful initial deposit of at least \$50.00 into their account within 30 calendar days of the application date, via one of the acceptable deposit methods set forth on the Exchange website;
- Has placed at least 1 executed trade and has executed one or more trades with an aggregate notional value of at least \$50.00 in any market on the Exchange; and
- Is not the subject of an open compliance investigation or review, and does not have a suspended account for any compliance or financial reason.

The initial deposit must occur in one transaction. An initial deposit that does not clear and/or is returned by the Exchange's payment processor or settlement bank for any reason will not be

considered successful, and the Referred Participant will be disqualified from the Program. If either the Referred Participant or the Referring Participant has received any Incentives based on a qualifying deposit that later fails to clear, the Exchange may revoke eligibility, disqualify the Participant from the Program, and require the return of any Incentives previously received.

To remain eligible for the Program, a Participant must not be the subject of an open compliance investigation or review and must not have a suspended or restricted account at the time any Incentives are credited or used.

Continued eligibility for the Program is also conditioned on the accuracy and completeness of the information provided during the Participant's account opening process. If the Exchange determines that a Participant was not eligible for the Program based on information submitted in connection with the application, the Participant may have their eligibility revoked, be disqualified from the Program, and be required to return any Incentives previously received.

Incentive

Upon satisfying the applicable eligibility requirements above, Participants may receive the following Incentives based on their role:

The Referred Market Participant will receive a credit of \$25.00 to their Exchange account (the "Referred Incentive").

The Referring Participant will receive a credit of \$25.00 to their Exchange account for the first qualifying Referred Participant. The credit for each additional qualifying Referred Participant will increase by \$5.00, up to a maximum credit of \$50.00 per qualifying Referred Participant (the "Referring Incentive"). The Referred Incentive and Referring Incentive are referred to collectively as the "Incentives." Any amounts credited to a Participant's account pursuant to the Incentives are referred to collectively as the "Incentive Funds."

Incentive Funds may be used as funds on new trades and may be withdrawn only upon position settlement. Upon entering a new position, Incentive Funds will be utilized before other funds to satisfy collateral requirements for the position. Incentive Funds must be used for trading within 45 calendar days of being credited. After 45 calendar days, unused Incentive Funds will be automatically forfeited to the Exchange. Each Participant is eligible to receive each applicable Incentive only once.

Program Term

The Program will become effective on June 29, 2026, which is no earlier than ten (10) business days following the date of its certification to the CFTC.

The end date of the Program is the later of:

- Fifty-two (52) weeks from the start date; and

- 500,000 Participants successfully onboarded under the Program, unless extended or earlier terminated by the Exchange. The Program may be extended on the same or modified terms, subject to any required CFTC filings, certifications, or approvals.

Program Administration

The Program is subject to the Exchange's Rulebook and all applicable provisions of the Commodity Exchange Act and CFTC regulations promulgated thereunder. Participation in the Program is subject to the Exchange's authority and obligations under its Rulebook and applicable law. The Exchange may modify, suspend, terminate, withdraw, or otherwise amend the Program from time to time, subject to any required CFTC filings, certifications, or approvals.
