BIG DREAM T

The Big Dream T is the pinnacle of espresso machine technology, designed to meet the demands of high-volume coffee environments. Incorporating T Technology© and multi-group PID control, this machine delivers exceptional coffee with precise thermal stability and energy efficiency.

MACHINE FEATURES

ADVANCED T TECHNOLOGY©

Ensures excellent thermal stability and high energy efficiency, which translates to lower operating costs and consistent coffee quality.

PID CONTROL

Full PID control for each group and steam boiler provides precise temperature management, ensuring optimal espresso extraction every time.

MULTI-GROUP FLEXIBILITY

Available in configurations with two or three groups, each independently controlled, allowing for simultaneous, varied coffee preparations without compromising on quality.

HIGH PERFORMANCE

With a powerful volumetric pump and robust steam production, the Big Dream T handles continuous usage with ease, maintaining consistent pressure and performance.

BEST FOR INDUSTRIES IN

HOTELS AND LARGE ENTERPRISES

Suitable for environments where premium coffee is expected at a large scale.

LEISURE

Provide customers with high-quality coffee, ensuring they want to come back for more.

WHY CHOOSE THIS MACHINE?

BARISTA-FOCUSED DESIGN

Features such as joystick steam controls, LED work area lighting, and customizable volume selections cater directly to professional baristas.

HYGIENIC AND SAFE

Complies with European regulation EN 16889, ensuring clean and safe operation.

CUSTOMISABLE OPTIONS

External timer for each group, general touch screen display, and stainless steel double-walled steam wand enhance usability and performance.

MACHINE DIMENSIONS (DXWXH)

593mm x 860mm x 554mm
