

Graphic designer, packaging, branding

Valencia, Spain

About Myself

Bachelor's degree with first honours in Graphic Design at Teesside University. Specialised in Adobe Creative Suite, Figma, Elementor, AI, 3D modeling and always learning and adapting to new tools and techniques.

My strength lies in my methodical approach to work: organised, taking care of every project I tackle, and constantly striving for the best result. I adapt easily to different environments and am determined to create visually impactful designs.

Beyond my technical skills, I am a very social person and always striving to contribute to teams with a positive and organised attitude, searching for teams that inspire me while trying to add on the best ways.

Professional Experience

Executed tailored design projects for local SMEs,

- Balancing strategic insight with visual harmony.
- Adapting quickly to shifting requirements and scope.
- Delivering unified, high-impact brand touchpoints.
