

ASSEMBLY MANUAL

1. PACKAGE CONTENTS

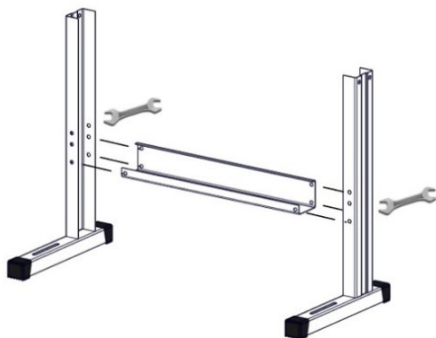

Item	Description
1	Crossbar
2	Left Fixed Column
3	Right Fixed Column
4	Left Adjustable Bracket
5	Right Adjustable Bracket
6	Table Top

2. Product assembly

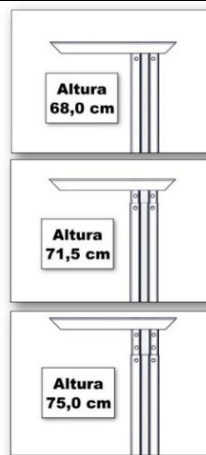

To assemble this product you will need:

- 1 x Phillips screwdriver;
- 2 x open-end wrenches, ½" or 13 mm;

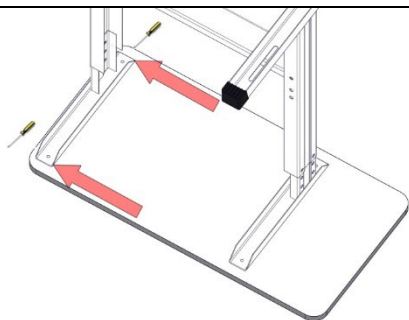

Hardware Kit			
a	4		Wood screws
b	10		Hex bolts
c	10		Hex nuts
d	20		Washers

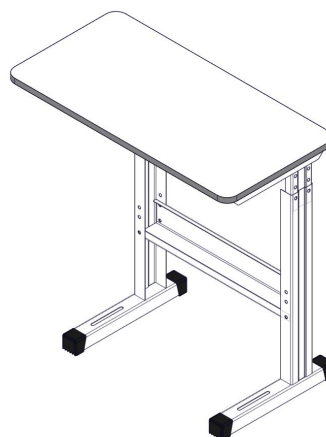

1. Bolt Crossbar 1 to columns 2 and 3 using the bolts, washers and hex nuts (kit items b, c, d); you will need the open-end wrenches for this step.

2. As in step 1, bolt the brackets at the desired height.

3. Screw the table top onto the fixed columns using 4 wood screws "a". Note the position of the feet at the right end, which centers the machine opening between the table legs.
