Subject: Recommendation for Luke Causon

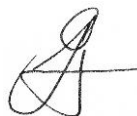

It is my pleasure to recommend Luke Causon for employment in senior User Experience (UX) related design and management roles. I have known Luke for two years during which time he worked as a UX Specialist for the Betsson brand Malta. At the time I was the Head of UX for the Betsson Group of Companies. Although Luke did not directly report to me, we frequently worked together on a variety of UX projects.

The first thing that impressed me about Luke was his passion for UX and his eagerness to get things done. He is extremely positive and driven and a great team player. He is always keen to take on extra responsibility in order to push his own and his team's limits.

I recommend Mr Causon without reservation. I am confident that he will not only add very valuable UX design knowledge and experience to any team, but also brings with exceptional business acumen. He has the ability to balance empathy for the user with a good understanding of business needs.

Please let me know if you require additional information. I can be reached via email at Jorike.langerman@gmail.com or through my LinkedIn profile: Jorike Langerman.

Sincerely,

Jorike Langerman

Senior UX Strategist
