- One person registers the team. Teammates join free.
- The ambassador programme is at valkyrierelay.com/ambassadors.
- **Your own past races are yours to describe**, in as much detail as you like.

That is the list. Everything else is not confirmed yet.

HOLD THE LINE

Talk about your own races as much as you like: what the legs felt like, what surprised you, what you would tell someone doing it for the first time. What you must not do is state the 2027 course, its distances or its exchange points, because they are not set yet and anything you say now could be wrong by race day. Send people to the website for the official course.

- Never state a price, capacity or refund terms. The website is always right.
- Never call the race a championship, or say it qualifies, ranks or awards points to anyone.
- Never promise entries, refunds, discounts or roster spots.
- Never speak for Valkyrie to press, sponsors, landowners or agencies. Send them to Erin.
- Never run water, trail or road activities you are not qualified to supervise.

> *When in doubt: "I don't know yet. Let me find out." Then ask Erin.*
