FUND COMMENTARY

During July 2026, the Fund's NAV decreased by 0.05%, bringing year-to-date returns to 3.45%. The Portfolio performance was broad based with no single constituent materially driving the change in NAV.

The Target Return Fund structure provides an inherent and progressive resilience: the declining maturity profile naturally reduces duration and spread sensitivity over time, independent of interim market dislocations.

HOW TO INVEST

Please ask your private bank/distributor to subscribe to Silverdale Fixed Tenure Fund January 2028 as per terms of the Offering Documents (quoting the relevant ISIN).
