

# Raphael Gomes

---

I am a Senior Product Designer with 9 years of experience in UX and UI design. I have a proven track record of delivering user-centered designs that solve complex business problems and meet the needs of users.

## Last Experiences

---

### Senior Product Designer @ Cast Group, Brazil

April 2024 – Present

Responsible for creating new flows for the largest bank in Brazil, in the area of foreign exchange and international transfers.

### Senior Product Designer @ SmileDirectClub, USA

January 2023 – January 2024

Led a team of 6 designers. Participating in huge projects, both in the research part and in the part of creating interfaces in for a mobile smile scanner.

### Product Designer Lead @ Zello Tecnologia, Brazil

August 2021 – December 2022

One to two sentences that describe your role and the tasks you were responsible for. What did you achieve while working here?

### Senior Product Designer @ TOTVS, Brazil

August 2021 – December 2022

Developing both UX and UI skills, I work as a product designer. From the research phase to the interface creation phase and post-launch follow-up.
