PILLAR MOUNTED JIB CRANE

Designed for efficient material handling in localized work areas, our Pillar Mounted Jib Cranes provide smooth lifting, precise positioning, and reliable performance. Built with robust structural steel and engineered for long service life, they are ideal for workshops, fabrication units, warehouses, and industrial manufacturing facilities.

Specification	Typical Range
Safe Working Load (SWL)	1 – 5 Ton (customizable)
Boom Length (Span)	Up to 7 m
Rotation	360° and 250°
Lifting Height	Up to 6 m
Hoist Type	Electric Wire Rope Hoist / Electric Chain Hoist
Hoist Travel	Motorized or Manual Trolley
Slewing	Manual or Motorized
Structure	IS 2062 (Grade E350) Steel
Power Supply	440 V, 3 Phase, 50 Hz (for electric models)
Finish	PU/Enamel Paint
Mounting Type	Pillar Mounted
