

HOW IT WORKS

From new case to verified export.

Hearsay collects everything a case touches, straight from the source. Set what to collect, send one request, and review it all in one place.

SOC 2 TYPE II VERIFIED · COMPLETE FROM ANYWHERE · GUIDED SUPPORT AVAILABLE

THE WHOLE PROCESS

STEP 01

Configure and send the request

Name the case, choose the source categories, and set a pre-defined search by contact, keyword, and date range. Send the request and your custodian gets a secure code by email.

STEP 02

The custodian completes the collection

The custodian enters their code at upload.usehearsay.com and works through a guided checklist, one source at a time. No account to create, and they can request a computer or cable if they need one.
