FESTIVE ACTIVITIES

CHRISTMAS MARKETS

The Nordics are home to countless charming Christmas markets, each offering its own unique festive atmosphere. From the historic stalls of Copenhagen's Tivoli Gardens and the vibrant market squares of Helsinki, to the fairy-tale settings in Stockholm's Gamla Stan - these markets are the perfect places to soak up seasonal cheer. Visitors can browse local crafts, enjoy traditional treats like gingerbread and gløgg, and experience the region's warm holiday spirit.

Our team is happy to guide your clients to the best markets based on their itinerary — and share local tips to help them make the most of their visit.

SANTA CLAUS & HIS ELVES

We also offer unforgettable Santa-themed experiences, perfect for families travelling during the festive season. Your clients can meet Santa Claus himself, visit his cheerful elves, and immerse themselves in the magic of the holiday spirit.

The enchanting atmosphere continues at Santa Claus Holiday Village in Rovaniemi, where guests can cross the Arctic Circle, enjoy festive activities, and even send a postcard straight from Santa's official post office — creating cherished memories for both the young and the young at heart.

HUSKY SLEDDING

A classic Nordic winter activity, husky sledding becomes even more magical during the festive season. Your clients can enjoy a ride through beautiful Arctic landscapes, pulled by a team of trained huskies along snowy trails. The peaceful surroundings and fresh winter air make this a truly special experience.

With the support of experienced guides, the activity is both safe and suitable for a wide range of travellers — from families to adventure seekers. It's a unique and exciting addition to any festive itinerary.

REINDEER SLEDDING

Reindeer sledding is a charming and memorable experience, especially for families with children. This traditional mode of Arctic travel offers a gentle, peaceful ride through snow-covered forests and open landscapes, creating a calm and magical atmosphere.

Guided by local Sámi, your clients will not only enjoy the ride but also gain insight into the region's indigenous culture and way of life. Gliding through the winter scenery behind a reindeer, they'll feel as if they've stepped into a classic Christmas story — a moment that both children and adults will treasure.

SNOWMOBILING

For clients seeking a bit more speed and excitement during their festive getaway, snowmobiling is the perfect choice. This thrilling activity takes them deep into the heart of the Arctic wilderness, across frozen lakes and snow-covered trails, surrounded by stunning winter landscapes.

Whether it's a daytime ride through sparkling white forests or an evening excursion under the stars — possibly even chasing the Northern Lights — snowmobiling adds an adventurous edge to any holiday.

ICE FISHING

Ice fishing offers your clients a unique and peaceful way to experience the Nordic winter. Surrounded by snow-covered scenery and the quiet stillness of nature, they can try their hand at this traditional Arctic activity — drilling a hole in the thick ice and waiting patiently for a catch beneath the frozen surface.

Often combined with a warm drink by the fire or a light meal in a cosy wooden hut, ice fishing is perfect for those seeking a slower pace and an authentic connection to local traditions. It's a relaxing and memorable experience, ideal for couples, families, or anyone looking to unwind in a beautiful winter setting.

CHASE THE NORTHERN LIGHTS

Seeing the Northern Lights is one of the most magical experiences your clients can enjoy during the festive season. Often described as nature's own fireworks, the aurora borealis lights up the dark winter skies with waves of green, purple, and pink — a truly unforgettable sight, especially around Christmas and New Year.

We offer a range of Northern Lights excursions, from guided minibus tours and snowmobile safaris to husky or reindeer sled rides under the stars. With expert local guides and the best chances of clear skies, your clients will have the opportunity to welcome the new year in one of the most spectacular ways imaginable — beneath the shimmering lights of the Arctic sky.
