• EXPERIENCE

Web Designer & Developer

Rozetka | Nov 2023 - Present

Design and build e-commerce product pages, from structure and copy to Figma layouts and responsive HTML/CSS implementation.

Create JavaScript interactions and web animations. Prepare product imagery with Photoshop and AI tools; use components and prototypes in Figma.

SEO Specialist

Siteclinic | Feb 2022 - Oct 2023

Managed SEO projects, technical audits, and site structure, content, and indexing. Developed organic search strategies and monitored rankings.

• SELECTED WORK

Ninja / Electrolux / Dreame | Design

Designed desktop and mobile product pages, structure, visuals, and copy. Connected product features with practical benefits and everyday scenarios.

OPPO - Reno15 Pro | Development

Built responsive product pages from supplied designs using semantic HTML. Implemented sliders, animations, color selectors, and feature comparisons entirely in HTML/CSS to meet a no-JavaScript requirement.

Claps Partners | Development & Design

Built a responsive iGaming affiliate landing page and refined its visual design. Added animations, counters, interactive promo cards, a demo prize wheel, and a mobile card carousel.
