

# Parmod Aheer

Graphic and UX/UI Designer

Experienced UI/UX and Graphic Designer with 4+ years of creating user-focused designs. Skilled in prototyping, visual design, and delivering experiences that enhance engagement and drive business success.

## Work Experience

### Senior UI/UX Designer at UIUX Studio (Mohali)

APRIL 2023 - PRESENT

- **Wireframing:** Developed and refined wireframes for various projects to ensure optimal user experience and functionality.
- **Website UI Design:** Created engaging and visually appealing website user interfaces, focusing on usability and responsive design.
- **Prototyping:** Designed interactive prototypes to showcase functionality and improve user interaction before final development.
- **Micro Animations:** Implemented micro animations to enhance user engagement and provide visual feedback on interactions.
- **Dashboard UI Design System:** Designed and implemented a comprehensive UI design system for dashboards, ensuring consistency and scalability across projects.

### UI/Graphic Designer at Protolabz eServices (Phagwara)

JUL. 2020 - FEB. 2023

- My key roles were to design Website and App UI wireframes, convert them to high-fidelity UI designs, and prepare prototypes using Adobe XD.
- Logos and branding (such as stationary, Flayer, business cards, newsletters, banners, etc.) using Adobe Illustrator.
- Social Media posts design using Adobe Photoshop and After Effects.
- In the meantime, I also learned Figma, Design System and UX skills from Udemy and You tube platforms.

### Junior UI/Graphic Designer at Kuroit (Jalandhar)

SEP. 2019 - JUN. 2020

- Here, I was working as a fresher. My key roles were to design Websites UI, Logos, and Social Media posts using Adobe Photoshop and illustrator.
