PROFILE

Fourth-year industrial design student passionate about invention, research, and mechanism design. Combines hands-on CAD experience in automotive components with a research-driven, human-centered design process — from ergonomics and prototyping to full-scale product development.

EDUCATION

2023 - 2027 HADASSAH ACADEMIC COLLEGE

- Bachelor of Industrial Design (Year 4)

WORK EXPERIENCE

■ NOV 2025 – PRESENT

Zchuchit Merkaz | Industrial Design (Student Position)

- CAD modeling of vehicle windshields in SolidWorks, from concept to production-ready geometry. -
- Coordinated design specifications and revisions directly with manufacturing lines in China.

■ ONGOING

Freelance | 3D Design & Printing

- Designed and 3D-printed custom models for private clients, from concept sketch to finished part.
- Managed the full workflow: modeling, print preparation, material selection, and finishing.

SKILLS

- SolidWorks
- Rhino
- KeyShot
- Twinmotion
- Figma
- Illustrator
- Photoshop
- Framer
- Metalworking & Woodworking
- 3D Printing (FDM/Resin)
- Research & Ergonomics
- Problem Solving

MILITARY SERVICE:

• MANDATORY SERVICE (SADIR)

2017 – 2020

Sharpshooter, Golani Brigade

• RESERVE DUTY (MILUIM)

PRESENT

Navigator, Peten Unit
