EDUCATION

Yenepoya University, Mangalore

B.Tech in Computer Science
(Data Science, AI & ML)
2024 – 2028

Kalvium Program (Work-Integrated)

Focused on real-world software development, DSA, and system design
2022 – 2024

EXPERIENCE

Lead Developer — Jsn creative

2024 – Present

- Built and scaled a multi-domain tech venture
- Developed MERN stack applications end-to-end
- Managed architecture, development, and deployment
- Created AI & Data Science-focused content

LANGUAGE

- English (Professional)
- Kannada (Native)
- Hindi (Conversational)
- Arabic (Basic)

SUMMARY

I'm a builder at heart — a Computer Science student focused on AI, Data Science, and full-stack development. I founded Jsn Creative to create meaningful tech products and explore real-world problem solving. I believe in learning by doing, staying consistent, and turning small ideas into scalable solutions.

CERTIFICATIONS

- Google Data Analytics Certificate — Coursera / Google
- AWS Cloud Practitioner Essentials — AWS
- Meta Front-End Developer Certificate — Coursera / Meta
- Python for Data Science & AI — IBM
- HackerRank Badges — Python, Java, Problem Solving

SKILLS

- Programming Languages: Python, JavaScript (ES6+), TypeScript, Java, C++, SQL
- Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js, REST APIs, JWT Authentication, WebSockets
- Databases & Cloud: MongoDB, MySQL, Firebase, Redis, AWS, Docker
- Data Science & AI: NumPy, Pandas, Scikit-learn, TensorFlow, Matplotlib
- Tools & Practices: Git, GitHub, Postman, Figma, CI/CD, Microservices, System Design, LLM APIs

ACHIEVEMENTS

- Founded Jsn Creative at age 18 — multi-vertical tech venture
- Solved 100+ DSA problems on LeetCode
- Built and deployed multiple production-ready applications
- Self-learned distributed systems and cloud architecture concepts
