Why we vote Pro-Life:

1. We vote pro-life because our votes matter! Indiana has seen a 98% reduction in legally performed abortions thanks to pro-life voters who elected pro-life leaders committed to protecting life.

2. We vote pro-life because there is still work to be done! While progress has been made, there is still important work ahead. Chemical abortions continue to account for a growing share of abortions in Indiana, rising from 39% in 2017 to 63% in 2023. That’s why pro-life advocacy and engagement remain as important as ever. The abortion pill is illegal in Indiana, yet it continues to be trafficked into the state in violation of the law.

3. We vote pro-life to protect women with high-quality healthcare! Many women are taking the abortion pill without the benefit of direct medical care, increasing the potential for serious complications. During the Biden Administration, the FDA weakened safeguards that originally required physician involvement and in-person follow-up visits. As a result, women are receiving the abortion pill without thorough screening for potentially dangerous conditions, including ectopic pregnancy and incomplete abortions, placing their health at greater risk. Every woman deserves quality healthcare, not shortcuts. When simple medical screenings can identify serious risks and prevent life-threatening complications, there is no excuse for abandoning basic standards of care.

4. We vote pro-life because every woman deserves protection from abuse, coercion, and exploitation. The abortion pill has become a weapon in the hands of abusers. Men, human traffickers, and sexual predators, can get the abortion pill through online providers. They are fraudulently posing as pregnant women to get the mail-order abortion pill, then forcing or tricking women into taking the abortion drugs.

5. We vote pro-life to build a stronger Indiana that values and protects every life. Indiana legislators must act in the upcoming session to hold abortion drug traffickers accountable for their illegal activity in Indiana. Voters hold the power to protect innocent, pre-born children. Vote Prolife!

Vanderburgh County
Grade Card

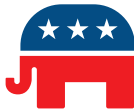

“I call heaven and earth to witness Against you today, that I have placed Before you life and death, the blessing and the curse. So, choose life in order that you may live, you and your descendants.”

Deuteronomy 30:19 NASB

ELECTIONS MATTER!

Each Party’s Position on Life cited from each party’s platform documents.

Republican Platform

“ . . . the 14th Amendment to the Constitution of the United States guarantees that no person can be denied Life or Liberty without Due Process, and that the States are, therefore, free to pass Laws protecting those Rights. After 51 years, because of us, that power has been given to the States and to a vote of the People. We will oppose Late Term Abor-tion, while supporting mothers and policies that advance Prenatal Care, access to Birth Control, and IVF...”

Democrat Platform

“ . . . Democrats believe every woman should be able to access high quality reproductive health care services, including safe and legal abortion. We oppose and will fight to overturn federal and state laws that create barriers to women’s reproductive health and rights... Democrats oppose restrictions on medication abortion care...”

Libertarian Platform

“ . . . Libertarians promote individual liberty and seek to minimize the role of the state . The abortion debate is mainly within right-libertarianism be-tween cultural liberals and social conservatives as left-libertarians generally see it as a settled issue regarding individual rights, as they support legal access to abortion as part of what they consider to be a woman’s right to control her body and its functions.

The election of Pro-Life Candidates who know that they have been called by God is needed to bring about the end of abortion in the United States of America. The sanctity of human life IS the foundational value for ALL decisions; therefore, it is essential that Pro-Life Candidates be elected to ALL positions.

Can a Candidate Who Thinks it is OK to Kill Unborn Babies be Trusted to Take Care of You?

This election could mean real fundamen-tal changes in our laws and culture—Life Changing—as those of the Pro-Death culture have pledged to do everything within their power to take back the strides made by the Pro-Life movement. There is BIG Money in killing unborn babies.

Your VOTE matters. . . For LIFE!!

Register to vote by Monday, October 5, 2026 at the Indiana.gov Portal:
