The Secret 3-Step Blueprint to Scaling Your Agency with Zero Overhead.

This isn't just a document; it's the operational methodology designed by Unibexs to move your agency from 90s-style manual chaos to AI-driven precision.

In 3 high-velocity phases, we'll show you how the system thinks for you—turning one person's effort into the output of a 15-person team.

Step 01: ACTIVATE THE INTELLIGENCE ENGINE

Stop the "Multiple Tab" nightmare.
Use the Digital Brain for 100% accuracy in seconds.

Audit 2026 Programs: Instantly match the latest tuition fees and intake dates with one click.

Scan Entry Eligibility: Verify student grades against university standards before you apply.

Expose Hidden Fees: Tag mandatory "Offer Letter Fees" and registration costs upfront.

Secure Your Profit: Confirm exact commission rates for every program before you lodge the file

Step 02: DEPLOY THE 5-STAGE TRACKER

Turn chaos into a system.
Manage student applications with total "Glass-Box" transparency.

Execute Smart-Review: Upload files to the portal that blocks "Incomplete" errors automatically.

Capture the Offer: Monitor university decisions live and download official letters instantly.

Sync the VAL Pulse: Track the daily Visa (EMGS) percentage. Eliminate "Status" calls from parents.

Automate Logistics: Book verified airport pickups and housing directly from the case file.

Confirm Enrollment: Hit the "Reporting" button once the student arrives to secure the case.

Step 03: UNLOCK THE PROFIT ACCELERATOR

Scale your recruitment volume without scaling your workload.
Protect every cent you earn.

Audit Milestone Payouts: Watch your earnings move from *Pending* to *Released* in real-time.

Verify Every Cent: Use the encrypted Commission Wallet for zero-dispute claims.

Trigger Scale Mode: Repeat this systematic flow to manage 50 students as easily as 1.
