THE DARK SIGNAL EXPOSED

Pass all of the final checks. Circle your answer, then copy the letters in order to crack the shutdown code.

Shutdown code

1	2	3	4	5	6	7	8

1. What are the three golden rules for a passphrase?

S) Short, simple, and easy to remember
D) Long, unique, and tricky
K) Your name plus your birthday

2. Before saying yes to a permission, ask yourself...

P) Do my friends use this app?
M) Is the app free?
E) Does this make sense for what the app does?

3. What are the three verification questions?

F) Who said it? Where's the proof? How does it make me feel?
T) Is it funny? Is it new? Is it popular?
G) How many likes, shares, and views?

4. True or false: AI is 100% correct.

A) True, AI never makes mistakes
E) False, always double check with sources
O) True, as long as it sounds confident

5. What is a clue an image or video has been manipulated?

B) It has lots of views
C) It was posted by a big account
N) Weird edges, odd lighting, strange movement

6. A giveaway countdown says click fast. You...

D) Pause and check with a trusted adult
V) Click before time runs out
H) Send the link to a friend first

7. A friend's account acts strange and asks personal questions. You...

L) Answer, it's your friend
I) Send your password so they can help
E) Tell a trusted adult.

8. The biggest red flag in an online chat?

W) Someone says hello first
R) Someone asks you to keep a secret from your trusted adults
A) Someone asks your favorite game
