

Teodora Mateska

Product Designer | UX/UI Designer

ABOUT ME

Product Designer experienced in designing B2B SaaS platforms and e-commerce experiences, turning complex product requirements and workflows into intuitive, user-centered solutions. Skilled across interaction design, UI, prototyping, responsive design, and scalable design systems, with strong cross-functional collaboration across product and engineering teams. Experienced with AI-assisted design workflows for faster exploration, iteration, and bringing ideas closer to implementation.

EXPERIENCE

Product Designer

FEVO · Live-event ticketing & social commerce platform

Trusted by 800+ brands, including the NY Yankees, NBA and NHL teams, and major music festivals

Jan 2026 - Present · New York, United States · Remote

- Design B2B SaaS and e-commerce experiences across web and mobile, turning complex requirements into intuitive flows and interfaces, from product enhancements to larger product initiatives.
- Work closely with product owners, product managers, and engineers to shape solutions, iterate based on feedback, and follow designs through implementation and design QA.
- Maintain and evolve FEVO's extensive design system, ensuring consistency, responsiveness, scalability, and accessibility across products.
- Solve complex UX and product challenges by balancing business goals, client needs, and usability across complex workflows.
- Integrate AI-assisted workflows to accelerate design exploration, iteration, and implementation.
- Design across product and brand initiatives, including FEVO's website redesign, brand refresh, presentation templates, and campaign assets.

UX/UI Designer

Involve Development

Dec 2024 - Oct 2025 · Skopje

- Designed and optimized websites, dashboards, and digital products through research, UX/UI audits, responsive design, and prototyping.
- Improved user flows using research and Google Analytics insights to inform design decisions and enhance usability.
- Collaborated cross-functionally through implementation while creating AI-assisted brand and visual assets.

UX/UI Designer

IT Labs

Jul 2024 - Oct 2024 · Skopje

- Designed and optimized responsive web experiences, including the Growth Labs Academy website and new pages for IT Labs, applying user-centered design principles throughout the process.
- Used Google Analytics and user behavior insights to identify opportunities, inform design decisions, and improve usability and engagement.
- Collaborated with cross-functional teams to deliver user-centered digital experiences, while also creating reusable visual assets and social media templates supporting the company’s brand.

Social Media Designer

Energy Intelligence - System Engineering for Smart Home Solutions

Oct 2023 - Jul 2024 · Skopje

- Created visual content and social media campaigns across digital channels, maintaining a consistent brand presence and adapting designs to ongoing marketing needs.
- Researched industry trends and planned monthly content calendars, collaborating with stakeholders to understand business needs and communicate smart-living solutions effectively.

Legal Associate

Law Office Nacik

Nov 2022 - Oct 2023 · Skopje

- Worked directly with clients to understand their needs, assess complex cases, and identify appropriate solutions.
- Managed documentation, deadlines, and stakeholder communication while collaborating with attorneys throughout legal proceedings.
