Alfalfa Pellets

Pure Alfalfa. Smart Feeding.

Our Alfalfa pellets are produced from 100% Alfalfa hay, compressed into a convenient form for easy handling, storage, transportation, and feeding. They offer a practical solution for livestock feeding programs while maintaining the natural value of Egyptian Alfalfa.

Alfalfa Pellets, also known as Lucerne Pellets, are made from dried Alfalfa compressed into uniform pellets for easy handling, storage, transport, and feeding.

- Produced from 100% Alfalfa Hay.
- No additives or binders are used.
- Crude Protein: approximately 14–18%.
- Standard packing: 25 kg bags.
