

Meet Your Match: A New Yield Tour Opportunity

EAB is Partnering with WREN Tours to Enhance Your Global Match Efforts

Enhance the Potential of Your Matches

Global Match encourages students to expand their university options by enabling them to be presented with offers from schools they may otherwise have never considered. Beginning in the fall, students can be further empowered to consider your offer by meeting you face-to-face on a tour operated by **WREN Tours**. Unprecedented in scope and scale, this opportunity is the largest sequence of yield events centered on connecting admitted students with the university admissions offices that have accepted them.

Bring Your Matches to Life

Enhance your yield efforts by connecting with your matches (and their counselors!) in-person.

Engage with Match High Schools

Dedicate resources to shoring up this year's class while simultaneously making progress on next year's via high school visits and counselor networking events.

Exclusively for Match Partners

Stand out from your competitors by taking part in a tour that is reserved exclusively for Match partners.

What The "Meet Your Match" Tour Includes:

"Meet Your Match" yield events and recruitment fairs at partner high schools

Evening events and high school counselor networking opportunities in each city

Dedicated space to meet with local students and families

What Your Tour Experience Includes

An Adaptable and Affordable Yield Opportunity
