

hello,
i am
**neelanchal
gupta.**

i don't believe in titles!

i believe in communication is all about expressions,
and i like to express through visuals. be it still or
moving image, or sometimes written or spoken words;
or even spaces/experiences.

what i am trying to communicate is a few thoughts .

thoughts about belongingness, memory, feelings,
expressions and home. because there's something
that i *believe*, i *feel*, in my *memory*, that i *belong*.

hope it makes sense?!
