

ALLIS.

BIO / ALLIS.

ALLIS. is a Filipino Independent artist from **Pasig City**. Holding a genre of **Alternative Rock** with an honest lyric composition and

storytelling.

He released "**Hindi Na**" as a debut to his solo career, it was followed by "**Bituin (Gabi-gabi)**" and **Makamundo** that is now included on his first ever Extended Play "**Alone With EP**".

His approach as a songwriter is making music as if he's telling a story that anyone could relate to, other than that, he also turns his life experiences into a song.

Accompanied by his band, ALLIS.' music provides head bangs and heartaches inspired by bands such as **Panic! at the Disco** and **Fall Out Boy**, for it is his main music influences.
