RELEVANT EXPERIENCE

Course Representative

Norwich University of the Arts

February 2025 – Present

- Attended meetings with staff and other course reps, highlighting strengths and opportunities for improvement in the course.

Student Ambassador

Norwich University of the Arts

February 2025 – Present

- Led and assisted numerous events to promote the university, further developing my soft/transferable skills.

External Collaborator

What Caused This?

2025

- Worked on a group redesign project for a software company, consolidating my ability to deliver a polished product to meet user and business needs.

Presenter

Tech Educators: Hackathon

2025

- Worked with a team to ideate, create, design, test, and present a new app to help tourists find spots that are popular with the locals, all in three fast-paced days

Student Resident Assistant

Norwich University of the Arts

2023 – 2024

- Cultivated an engaged community through event planning, promotional design, and proactive resident support

SUMMARY

I am an aspiring UI/UX designer with a background in art and graphic design; my goal is to beautifully meet the needs of stakeholders, whilst simultaneously utilising tools to create seamless experiences for users. Utilising my knowledge from my prior experiences, I'm also able to contribute by bridging communication gaps between various departments.

EDUCATION

Norwich University of the Arts

BSc User Experience Design (Hons)

2023 – 2026

Harris Academy Falconwood

Digital Media, Business, Fine Art

2021 – 2023
